COURT NOTES.

Scenes and Incidents in the Temple of Justice.

Judge Timberlake is hustling things along pretty lively in the court room. In more than one instance when the lawyers interested in cases called were absent from the court room the judge has directed the solicitor to proceed, saying: "The court cannot wait on lawyers; it is their business to be on hand." And this is right. Too much time is squandered at every term of court in waiting to send out for lawyers, clients and witnesses.

An original character was on the stand yesterday afternoon who created a good deal of merriment. The solicitor found trouble in questioning him. He would frequently ask the solicitor questions. His Honor took a hand and tried to keep the old man on the track. He told the judge: "You fellers must look over me. I was never in court before. I am fifty-two years old and was never in court before. You must look over me." The judge "looked over him" and asked the sheriff to lead him out.

The sessions of the court so far, are well attended and at all times there has been a sprinkling of fairly intelligent looking white men present, but judging from the number of colored men called in by the sheriff as talismen, many of these white men are not competent to serve on the jury.

ARE COMING BACK.

Stated on Positive Authority That Populist Are Returning.

A gentleman whose word cannot be disputed, Mr. E. S. Simmons, is in the city and speaking of the political outlook he says the indications are favorable for great democratic gains this year down east. Mr. Simmons attended the democratic convention for Franklin county last Saturday and says that he heard several populists, or rather former populists, publicly claim that they were going, this year and hereafter, to vote and affiliate with the democratic party.

This is straight news and reliable news. A Chatham county gentleman who spent last night in the city, says the same is true in Chatham. It is not claimed they have already returned in "great numbers" but that some of the very best men, the thinking men, are returning and it is not reasonable to presume their influence will amount to naught.

WILL BE ELEGANT.

A New Gents Furnishing Store to be Opened Here.

Mr. S. J. Kaufmann will, on or about the 15th or 20th of September, open a gents' furnishing store in the corner store room at the Benbow, formerly occupied by Ruben, the tailor. Mr. Kaufmann tells us the whole room will be remodelled and a solid French plate glass front put in.

The work will be done at once, and in the meantime an elegant line of gents' furnishings will be selected and ready for the opening about the time of the above mentioned dates. It will be first-class in every respect. Mr. Kaufmann believes in printers' ink and proposes to talk to the people through the Telegram. Watch it.

By Wire to THE TELEGRAM.

New York, Aug. 23—Lieutenant Hobson leaves for Santiago this afternoon on the transport Seguarniaca for purpose of superintending the raising of the Spanish ships. He expresses confidence in the air bags, which have been tested and says he can raise at least one of the vessels.

Nine Men Crushed.

By Wire to THE TELEGRAM.

Pittsburg, Aug. 23—Nine men were crushed to death and several injured by the caving in of a tunnell on the Big Four railway last night.

Praise for Greensboro.

A train carrying Battery E, Sixth artillery passed through last night enroute from Tampa to Washington. The boys said Greensboro was the best looking town they had seen in sometime. The train stopped here a short while for orders and water, and some of the boys took advantage of the opportunity to tank up on beer.

I have just received a large shipment of the celebrated Ætna Lithia Water. My sales are increasing daily and I hear nothing but the strongest words of praise from my customers. There is no better mineral water on the market. 25 cents a gallon and 3 cents a glass, cold.

PREPARING TO DISBAND.

Regiments Ordered to Leave Chicamauga Camp.

ONE REGIMENT TO BE LEFT THERE

The Insurgents Continue to Attack The Spanish—Blanco to Resume An Offensive Attitude.

By Wire to THE TELEGRAM.

Washington, Aug. 23—Preparations for disbanding are progressing rapidly. The third corps, comprising the Eighth and Fourteenth New York, the First and Second Kentucky, the First Mississippi, the First and Fifth Missouri, the Second Nebraska and the Third Tennessee have been ordered to leave Chickamauga for Huntsville, Ala., without delay.

The plan of the department leaves one regiment at Chickamauga under Colonel Bent to guard Chicaumauga property. The order assigning troops for disbandment is in course of preparation. The number disbanded will be about one hundred thousand.

Plans are being prepared for a new torpedo boat station at Boston. Another station will shortly be established at Pensacola.

CONTINUE TO ATTACK SPANISH.

Madrid, August 23—At the cabinet council last night General Correa read a cable from General Blanco saying that the Cuban insurgents were continuing their attack on the Spanish. The council instructed General Correa to wire General Blanco to resume an offensive attitude towards the insurgents only.

Jaudenes cables from Manila that the Americans have monopolized every available housing place and the Spanish soldiers are being compelled to sleep in churches and necessarily great overcrowding is resulting. From this cause there is fear of an epidemic of jaundice. The despatch describes the men as literally lying in heaps.

TROOPS LEAVE TAMPA.

Permanent Camp will be Established to Acclimate Soldiers.

Tampa, Aug. 22—The last of artillery stationed here to await transport to Cuba or Porto Rico departed this morning for Fort Trumbull, and Tampa is now without troops of any kind, except a few men in hospitals and 300 army teamsters and wagon train attendants.

The site of Camp Rogers, the artillery camp, has been selected for a permanent military training post to get soldiers acclimated for the service in Cuba.

The government has already established a system of water works at the camp, having invested several thousand dollars in a plant, and it is said to be the intention to keep at least two regiments here at all time, getting them in condition to be carried to Cuba for garrison duty. Permanent barracks will be erected and everything for comfort will be provided.

Ewart, Mich., is just recovering from the excitement caused by the appearance in that town of a large rat—the only one ever seen or heard of in the vicinity within the memory of the oldest inhabitant. The rodent was reported to be lurking in the vicinity of a rolling mill. A vigilence committee was immediately organized and the quarry was run down and killed.

NOTES FROM HIGH POINT.

The Local News From Our Neighbor Briefly Told.

TELEGRAM BUREAU,
HIGH POINT, N. C., Aug. 23, '98.

From the way the delegates from this township voted solid votes at the late democratic county convention held in Greensboro one would think our delegates were not very good at figuring, or possibly they had rather be voting than figuring. We regret that the Telegrams for the drug store list were carried by last night caused by the newsboy on the first train being taken sick in Greensboro and the fast train did not stop We trust this will not occur again. All the papers were delivered this morning.

CONSUMED IN MONSTER BONFIRE

Shafter's Coming Delayed—Gen. Joe Wheeler Still in Command of the Camp at Montauk.

Cable to THE TELEGRAM.

Montauk, Aug. 23—A large number of the sick in the hospitals are now convalescent and many have been returned to their regiments. The camp is getting into ship shape and the number of tents erected are sufficient to handle all the sick, though there is some scarcity of cots.

It is reported that General Shafter's coming will be delayed until after the volunteers can be mustered out and regulars returned to their stations. In the meantime General Wheeler stays in command.

This morning ten thousand campaign uniforms and twelve thousand bundles of baggage which were taken from the soldiers coming from Cuba were consumed in several monster bonfires which were built on the shore of the bay. These uniforms and baggage had been brought ashore from the transports and were guarded until about two o'clock this morning when they were set on fire.

When the uniforms were taken away from the men and officers they were not even allowed to retain the shoulder straps. Several hundred of much prized war mementoes were ruthlessly destroyed. The vessel and camp fumigation is progressing rapidly.

CUBANS SHOOT A SOLDIER.

General Wood Orders Cuban Flag Down From Municipal Building.

Santiago, Aug. 22—A negro soldier of the Eighth Illinois Immune regiment was shot dead Friday at San Luis, where the regiment is doing guard duty. The soldier was a sentinel and ordered several armed Cubans to halt. They misunderstood the order and the sentinel fired upon them. The Cubans returned the fire, killing him. General Lawton sent a staff officer to investigate and today General Shafter went to San Luis to look into the matter.

Cuban civil authorities raised the Cuban flag over the municipal buildings this morning, but Wood ordered it down. Cuban flags are flying over San Carlos Club and several stores.

The Harvard and Arairie sailed for Montauk Point today with troops. Clara Barton has sailed for Havana in the Clinton with supplies.

All evidence connected with the Duke grave has been introduced, and as far as that feature is concerned the case is closed.

Another change of plans has been made with regard to the movement of Davis' division now at Thoroughfare Gap, Va. The expected stay will not be made, for orders were received Saturday night requiring the regiment to move to Middletown as radidly as possible. They are expected in the following order:

PUSHING PREPARATIONS.

For the Evacuation of Porto Rico. Miles Coming Home.

Ponce, Porto Rico, Aug. 22—General Miles and his staff will leave for home on the steamer Arkansas tonight. He is now holding a final conference with General Brooke, who arrived from Arroyo on the Stillwater, this morning, and General Wilson, whose headquarters have been moved here.

Senor Lopez, editor of The San Juan Correspondencia, is here. He reports that Governor General Macias is pushing preparations for the evacuation of the island. The obstacles in the harbor of San Juan are being cleared away and a ship loaded with dynamite has been removed. General Machias, Senor Lopez says, will return to Spain in a few days, leaving the details of the evacuation to his subordinates.

General Henry's men are badly in need of provisions. The garrison here says it is impossible to transport supplies over the mountain trails, and it has been arranged to send them to Arecibo, an open port.

The Sixth Massachusetts and the Sixth Illinois regiments are without shoes.

General Brooke, who is to be in command of the island, may leave General Wilson in direct command of the troops while he (Brooks) is attending the sessions of the commission for Porto Rico.

WHERE LIES THE BLAME?

The Wilmington Daily Record, edited by a negro, in a recent issue published an editorial defaming the white women of North Carolina from which we make the following extract:

Poor white men are careless in the matter of protecting their women, especially on the farms. They are careless of their conduct toward them, and our experience among poor white people in the country teaches us that women of that race are not more particular in the matter of clandestine meetings with colored men than are the white men with colored women. Meetings of this kind go on for some time until the woman's infatuation or the man's boldness bring attention to them, and the man is lynched for rape. Every negro lynched is called a "big, burley, black brute," when, in fact, many of those who have thus been dealt with had white men for their fathers, and were not only not "black" and "burley," but were sufficiently attractive for white girls of culture and refinement to fall in love with them, as is very well known to all.

Six years ago there was not a negro in North Carolina, no matter how black his heart, who would have dared to give public utterance to the above. And it is an everlasting shame and disgrace that the day has ever dawned when a black-hearted demon in this fair land should grow so bold as to make such sweeping declarations.

Who is to blame? We submit that under a white man's government it would never have been said. Clothed with brief authority in Wilmington (and it must be brief) the negroes are growing bold. A check must be put on this kind of thing. The English vocabulary does not contain terms sufficiently strong to properly characterize and denounce the cold blooded incarnate devil who pens such slanderous lies about as pure and virtuous women as live upon God's footstool.

"Poor white men are careless in the matter of protecting their women, especially on the farms." How will the populist relish this, though coming from a race and a party of which such men as Butler, Ayer and Thompson have made them allies? We repeat, that without this alliance no negro would ever have been bold enough to have uttered the slander.

White men of North Carolina, study the situation. Whither are we drifting? It is time to call a halt. Say to all men: Belong to whatever party or church you please; talk about the evil and base acts of men; but hear it ye demons, be your faces white or black, you shall guard your venomed tongues and keep your foul hands off the fair name of womanhood in North Carolina!

The Charlotte Observer has started the ball to rolling for a monument to Lieutenant William E. Shipp. The Telegram heartily commends and endorses the move. Let North Carolina respond to the call as magnanimously as the Observer has made it—opening the subscription with a contribution of one hundred dollars. The brave and dashing Shipp should be honored in an equal manner with the superb and gallant Bagley.

UNIFORMS FREE FOR ALL.

Black Brigade Forces Preparing for the Fray.

Captain Eugene Holton and Lieutenant W. S. Hyams, with a full staff of commissioned and non-commissioned officers, stormed the city yesterday and opened headquarters in rooms 9, 10 and 11 of the Park Hotel, where they will begin immediately the organization of the one hundred and twenty thousand negroes and all the white men who will volunteer to fight for more complete negro domination in North Carolina.

It is supposed the commander in charge has a complete and thorough new equipment including gold laced uniforms for all the populists who will fight under the negro fusion banner. He has bragged that he would put republican uniforms on them, and it is said that Col. Harry Skinner secured the pick of the quartermasters department. His suit is said to be very handsomely trimmed with spread eagle shoulder straps. It is draped all about with gold lace and gold braid. This suit is intended to dazzle the populists of the First district and make them fairly yearn for a Holton uniform.

A suit of like grandeur will perhaps arrive for Dr. Cyrus Thompson, the surgeon general of the fusion forces. On his shouider straps will be a white star on a black back ground indicating the rank of a brigadier. The nineteen Pritchard populists want new uniforms as those put on two years ago are soiled by coming in contact with some flying editorial debris from the offices of the Progressive Farmer and the Caucasian.

Otho Wilson will perhaps be a commissioned officer in the commissary department. And will probably preside over the canteen. He failed to land in a boom proof during the late war with Spain, but will, of course, get a good position under Holton's quartermaster general.

Hal Ayer wanted to be a major in the North Carolina Volunteer regiments, but he failed to land. He is well drilled for a war on white supremacy and his uniform will be a dazzling one. Zack Garrett and Peace, of Granville will wear uniforms indicating the rank of lieutenant colonels. Those thirty thousand populists who neither have nor expect offices must be content with privates uuiforms, but they will be required to march at the command of Holton and fight with all their might against their white brethren in North Carolina, as it is only upon this condition that any Holton uniforms will be issued from the quartermaster's department. It is said that the handsomest uniform in the whole department, except the one made for Harry Skinner, was cut to fit Senator Marion Butler, but the senator is swinging around the circle so promiscuously that they can't keep him still long enough to get it on him. There is some talk of court martialing him if he goes away without leave of absence from Commander Holton.

All these uniforms are made of the same material as that worn by General James H. Young, who will be the major general in command of the Holton Haranguers. Every officer and private who wears a Holton uniform will be required to salute General Jim Young and the other colored officers whenever they meet them.—News and Observer.

The Best Remedy for Flux.

Mr. John Mathias, a well known stock dealer of Pulaski, Ky., says: "After suffering for over a week with flux, and my physician having failed to relieve me, I was advised to try Chamberlain's Colic, Cholera and Diarrhoea Remedy, and have the pleasure of stating that the half of one bottle cured me." For sale by C. E. Holton.

The big punch bowl which forms a part of the silver service presented to the battleship Indiana by the people of the Hoosier state acquired added value in the eyes of the officers and crew during the battle of July 3d. A piece of exploding shell from one of Cervera's ships penetrated the cabin and firmly embedded itself in the bowl, thus making that vessel one of the most interesting mementoes of the war.

The War as an Advertisement.

The war with Spain cost the Federal government more than $140,000,000 in cash, and no money indemnity has been demanded from Spain. Nevertheless, regarded simply as an advertising outlay, the cost of the war will be the best paying investment for the future gain of American manufacturers that could have been devised.

The eyes of the world have been opened to the amazing progress which this country has made in all of the peaceful arts, enabling her, in a twinkling as it were, to provide all the essential materials of war and to create an army and a navy, to equip them with the best weapons, and to use them in the most effective manner. Orders are now being received by makers of machine tools in this city from entirely new customers in foreign countries which have not hitherto patronized American firms, and there is evidence to show that these orders have been due, indirectly at least, to the advertisement which the war has given to the merits of American machinery. Russia is ordering war vessels, armor plate and other war material from us; Japan is doing the same, and it would not be altogether surprising should even poor Spain herself—when she shall have recuperated from the terrible blow she has received—become a customer of ours! She ought to appreciate the value of American war material better than any other nation.—Philadelphia Record.

The Rev. W. B. Costley, of Stockbridge, Ga., while attending to his pastoral duties at Ellenwood, that state, was attacked by cholera morbus. He says: "By chance I happened to get hold of a bottle of Chamberlain's Colic, Cholera and Diarrhoe Remedy, and I think it was the means of saving my life. It relieved me at once." For sale by C. E. Holton.

The Grandest Remedy

Mr. R. B. Greeve, merchant, of Chilhowie, Va., certifies that he had consumption, was given up to die, sought all medical treatment that money could procure, tried all cough remedies he could hear of, but got no relief; spent many nights sitting up in a chair; was induced to try Dr. King's New Discovery, and was cured by use of two bottles. For past three years has been attending to business, and says Dr. King's New Discovesy is the grandest remedy ever made, as it has done so much for him and also for others in his community. Dr. King's New Discovery is guaranteed for coughs, colds and consumption. It don't fail. Trial bottles free at C. E. Holton's drug store.

The State Normal and Industrial College will begin its seventh annual session on October 6, 1898. The Practice and Observation School will begin September 19.

Many improvements have been made in the buildings and grounds during the present summer.

Students who agree to become teachers receive free tuition at the Normal and Industrial College, and the only expense for a young woman living in Greensboro, who intends to become a teacher, is $14 in fees, which amount pays for the use of textbooks, library fee, medical attention, registration, etc.

All who do not intend to become teachers must pay $40 a year tuition in addition to the $14 in fees.

A tuition-paying student's expenses with board in the college amounts to $130 a year; a non-tuition-paying student's expenses, $90.

Any one who intends to become a student next year ought to send in her letter of application, together with a statement from her last teacher, at once. Catalogues furnished upon application.

Why Allow Your Child To Suffer?

Goldsboro, N. C. March 30, '98

Mrs. Joe Person:

Dear Madame, My two small children were completely covered in running sores from impure blood, for which I could find no remedy, until I got a bottle of your Remedy. In a few days they were free of fever, and were well by the time the bottle was empty. I gave it after meals in sweetened water, and they begged for it. Afterwards my little girl became restless at night, would scream as if in nightmare every little while until after 12 or 1 o'clock. I commenced giving her the Remedy on Thursday night and by Saturday night she was resting quietly. I shall continue to use it for my children.

Yours very truly,
Mrs. M. T. Witherington.

TAR HEELS AT A FIRE.

Second North Carolina Renders Effective Service.

Savannah, Ga., August 22—At 3 o'clock this morning the South End Hotel at Tybee, the principal seaside resort of Georgia, was destroyed by fire. The fire is supposed to have started from defective electric wiring. The hotel was filled with guests, many of whom had narrow escapes from death. Four cottages near by were also burned.

The North Carolina infantry is encamped a mile and a half from the scene of the fire, and they went there on the double quick. It was lucky for the property owners that they did so, as they saved many of the adjoining buildings by their heroic work as a bucket brigade. Guests from every city in Georgia and almost every southern city lost from $50 to $200 worth of wearing apparel and jewelry.

HARRISON AS A CANDIDATE.

His Friends Put Out a Feeler on The Presidency.

Washington, Aug. 22—Ex-President Harrison, his friends say, may be again a factor in the contest for the Presidency. He is not personally interesting himself in the subject at the present time, but some of his friends declare that he can have the support of Indiana and of many other States if McKinley makes any mistakes. It is said that Harrison's new wife is particularly anxious that he should be a candidate, as she desires to be mistress of the White House.

COPPER RIVER TRAGEDIES.

Scores of Men Lost in Crevices or Drowned in the River.

Tacoma, Wash., Aug. 21—Passengers who returned from the Copper river on the steamer Utopia last night say terrible suffering exists among the prospectors who have been trying to get from the Copper river to Port Valdes, across the Valdes glacier.

Sixty returned and are so glad to be enroute to their eastern homes that their experiences of the last few months seem almost forgotten.

Albert Faulk, of Port Huron, Mich., who has been north since March, declares that scores of lives have been lost in the mad rush to the coast from the interior. Others say that not less than fifty have been drowned or lost in the crevices of the Valdes glacier. Faulk says:

"Many men were drowned coming down the Copper river in small boats. At Copper Centre, at the mouth of the Klutina river, fourteen were drowned in ten days. I saw two of the disasters. One man's boat struck a rock and he was thrown into the stream. The water was less than two feet deep, but so swift that he could not get a footing.

"The greatest loss of life has occurred in crossing the Valdes glacier, where men have slipped down the numerous crevices which the trail crosses. It is known that many more people have left Copper Centre than have arrived at Valdes. We cannot give the names of the lost men.

"The government expedition under Captain Abercrombie has given up the exploration work this year and is engaged in feeding stranded prospectors. Two weeks ago it was feeding 50 and the unknown was increasing daily."

As to Judge Adams.

The press and the people have been kind to Judge Adams. They have borne his legal blacksmithing with calm philosophy as one of the many misfortunes incident to these disjointed times. They have foreborne to criticize and to expose, because respect for the judiciary is one of the most wholesome restraints upon public disorder. His ignorance was pardoned for his coarse good humor and litigants waited with what patience they might for justice at the hands of the supreme court.

But when Mr. Adams in his capacity of judge, instead of making justice terrible to the evil doer, goes out of his way to hold a gratuitous brief for crime, he renders the charity of silence impossible. That he did this in his charge to the grand jury at Columbus the report published in Saturday's paper showed beyond dispute.—News and Observer.

Beyond the Professor.

The resignation of General Blanco is doubtless due to the fact that he is unable to concoct a lie big enough to turn the evacuation into a triumphal march.—Washington Post.

About one month ago my child which is fifteen months old, had an attack of diarrhoea accompanied by vomiting. I gave it such remedies as are usually given in such cases, but as nothing gave relief we sent for a physician and it was under his care for a week. At this time the child had been sick for about ten days and was having about twenty-five operations of the bowels every twelve hours, and we were convinced that unless it soon obtained relief it would not live. Chamberlain's Colic, Cholera, Diarrhoea Remedy was recommended, and I decided to try it. I soon noticed a change for the better; by its continued use a complete cure was brought about and it is now perfectly healthy.—C. L. Boggs, Stumptown, Gilmer Co., W. Va. For sale by C. E. Holton.
